The Museum's galleries are arranged in chronological order. The Early Years Gallery features airplanes and exhibits from the dawn of aviation through World War I. The Air Power Gallery focuses on World War II aviation, while the Modern Flight Gallery covers the Korean War and the Southeast Asia (Vietnam) conflict. The museum's newest buildings, the Eugene W. Kettering Cold War Gallery and the Missile and Space Gallery take visitors from the Soviet era to the cutting edge of space exploration. Lunch will be on your own at the museum café.

By the turn of the 20th century, Dayton had more patents, per capita, than any U.S. city, and one-sixth of the nation's corporate executives had spent a portion of their career at legendary Dayton Company National Cash Register (NCR). Dayton's extraordinary history has undoubtedly impacted billions of lives. With a hand-carved carousel, 4-D theatre, trains, slides, living history experiences, thousands of artifacts, extensive educational programming, and so much more, Carillon Historical Park brings Dayton's past to life in a way that is fun for the whole family!
